AUTHORITY AND REFERENCE

Vehicle Code section 3050, subdivision (a), authorizes the Board to amend the proposed regulations. The proposed regulations implement, interpret, and make specific Vehicle Code sections 3050 and 3065.3.

INFORMATIVE DIGEST/POLICY STATEMENT OVERVIEW

The adopted mission of the Board is to: "...enhance relations between dealers and manufacturers throughout the State by resolving disputes in the new motor vehicle industry in an efficient, fair and cost-effective manner." The adopted vision statement provides that the Board "...demonstrate professionalism, integrity, and accountability in securing fair resolutions to motor vehicle industry disputes."

The Board proposes to amend Section 556 and add Section 586.5 to include the information necessary to conform the regulations with statute due to recently enacted legislation and provide clarity for those wishing to file protests and petitions before the Board.

A new type of protest was created by legislation effective January 1, 2020, where a franchisee can file a protest with the Board to determine whether a franchisor has complied with the Vehicle Code requirements that "[n]o franchisor shall establish or maintain a performance standard, sales objective, or program for measuring a dealer's sales, service or customer service performance that is inconsistent with the standards set forth in subdivision (g) of Section 11713.13 [of the Vehicle Code]" ("performance standard protest").

Section 556 describes the form and filing of a petition. Additional information is being added to describe what shall be included in the petition. Specifically, a petition shall include facts, legal authority and relief sought and include declarations or other evidence and documentation to support the petition. The additional language clarifying what is required in filing a petition provides clarity to those who wish to have a petition heard by the Board while also providing the Board with the information it needs to hear a petition before it.

Section 586.5 is being added to provide the information needed to file a new type of protest created by recently enacted legislation. The language of the proposed regulation is nearly identical to language already describing protests filed pursuant to other related statutes (see 13 CCR sections 585 and 586).

OBJECTIVE AND ANTICIPATED BENEFITS OF THE PROPOSED REGULATION

The broad objective of the regulations is to clarify for litigants that appear before the Board the information necessary to effectively represent themselves or their clients.

The specific benefit anticipated from the regulations is promoting the expeditious and economical resolution of statutorily enumerated disputes between new motor vehicle dealers (franchisees) and their manufacturers or distributors (franchisors). The Board keeps these types of cases from further clogging our already congested courts. It provides a uniformity of decisions across the state, allowing franchisors and their dealers to conduct their business in compliance with California law.

EVALUATION OF INCONSISTENCY/INCOMPATIBILITY WITH EXISTING STATE REGULATIONS

The Board conducted an evaluation of the proposed regulations' potential inconsistency or incompatibility with existing state regulations and has found that they are neither inconsistent nor incompatible with existing state regulations.

DISCLOSURES REGARDING THE PROPOSED ACTION

The Board has made the following initial determinations:

- Mandate on local agencies and school districts: None.
- Cost or savings to any state agency: None.
- Cost to any local agency or school district which must be reimbursed in accordance with Government Code sections 17500 through 17630: None.
- Other nondiscretionary cost or savings imposed on local agencies: None.

- Cost or savings in federal funding to the state: None.
- Cost impacts on a representative private person or business:
The Board is not aware of any cost impacts that a representative private person or business would necessarily incur in reasonable compliance with the proposed action.
- Significant, statewide adverse economic impact directly affecting businesses, including the ability of California business to compete with businesses in other states: None.
- Significant effect on housing costs: None.

RESULTS OF THE ECONOMIC IMPACT ANALYSIS/ASSESSMENT

The Board concludes that the proposed regulations will not (1) create any jobs within the State of California, (2) eliminate any jobs within the State of California, (3) create any new businesses within the State of California, (4) eliminate any existing businesses within the State of California, or (5) cause the expansion of businesses currently doing business within the State of California.

BENEFITS OF THE REGULATION

The proposed regulations will promote the expeditious and economical resolution of disputes between new motor vehicle dealers and their manufacturers or distributors.

SMALL BUSINESS DETERMINATION

The Board has determined that the proposed regulations will have no effect on small businesses. This determination was made because no small businesses are legally required to comply with the regulations, are legally required to enforce the regulations, or derive a benefit from or incur an obligation from the enforcement of the regulations. The proposed regulations merely clarify case management for franchised new motor vehicle dealers and their franchisors (new vehicle manufacturers or distributors) who choose to file a protest or petition with the Board.

CONSIDERATION OF ALTERNATIVES

In accordance with Government Code section 11346.5, subdivision (a)(13), the Board must determine that no reasonable alternative it considered or that has otherwise been identified and brought to the attention of the Board would be more effective in carrying out the purpose for which the action is proposed, would be as effective and less burdensome to affected private persons than the proposed action, or would be more cost-effective to affected private persons and equally effective in implementing the statutory policy or other provision of law.

The Board invites interested persons to present comments, statements or arguments with respect to alternatives to the proposed regulation, during the written comment period or at the public hearing, if one is requested.
